

"TURN OFF THE SCREEN"

MAX
Whoa! What happened?

SANO
You're glued to the screen dude! You gotta limit all that screen stuff so you can have more time in the real world. We're gonna help you out and you're gonna make things right with your friends!

MAX
But how?

SANO
Max, you just have to turn off the screen. Turn off the screen and have some fun!

MAX
Fun?

SANO
Fun! The body you live in was made to play and fun. You can do all the things you've thought about but never done. Turn off the screen and have some fun.

SANO
Max, you can experience nature, and cool things with real people like your friends and your family if you get up and away from the screen!

MAX
Sweet/cool! But, wait Sano, that means I have to give you up.

SANO
You don't have to bail on my completely! Just limit your total screen time to one hour or less every day. Can you do that?

MAX
Yeah!

SANO
I knew you could!

SANO
Turn off the screen and have some fun
(MAX: Turn off the screen and have some fun)

SANO
The body you live in was made to play and run
(MAX: I need to play and run)

SANO
You can do all the things you've thought about but never done
(MAX: I can do all the things I've thought about but never done)

SANO and MAX
Turn off the screen and have some fun

SANO
Repeat after me
1 hour or less

MAX
1 hour or less

SANO
1 hour or less

MAX
1 hour or less

SANO and MAX
Yes!
Turn off the screen and have some fun!

SANO
Later dude!
