

NORMAL RAP LYRICS

NICK

My name is Nick and I really don't see
Why we even gotta go through puberty
So when does it end, how long's it gonna last?
I get so excited when the pretty girls paaass. Wassup?
I'm only saying that I feel so crazy
Like a roller coaster at a speed of eighty
Wearing different clothes picking different friends, Am
I normal? That's what I'm wonderin...

NATALIE

Hello, I'm Natalie, my body's growing fast
So they all call me names and they treat me like trash
It's more to me than they take time to see
If they knew me, they'd see I aint naas-ty
I didn't pick how my body would grow
And I don't feel normal, I feel outta control
I wonder how much longer it'll be
'till they leave me alone and stop hatin' on me
