

The Best Me

A fun-filled 3-part web series, *The Best Me* follows Dani, Kayla, Max, and Tino in their last year of elementary school as they learn to be the best they can be while trying to save their school's big talent show from cancellation. Along the way, with help from viewers and some fantastical new friends, they navigate life in a new normal and learn the importance of social emotional health, team work, healthy eating, and active living.

The Best Me is offered **free of charge** to schools and communities throughout northern California.

Eligibility and Booking

Our mission is to focus on the most vulnerable communities. We use several factors to determine eligibility, including the Free and Reduced Price Meals (FRPM) program.

If you would like to book *The Best Me* or have any questions about your school or community group's eligibility, please contact us at 1-877-353-2223 to speak with one of our staff or visit kp.org/et/ncal.

The Best Me

- The 3-webisode series uses, comedy, drama, music, and dance to inspire students to make healthy choices.
- The livestreaming, interactive workshop with the cast gives students the chance to play fun games, get their bodies moving, and explores more ways for them to make one small change so they can be their best.

Why Is Kaiser Permanente Offering This Program?

As one of the nation's oldest not-for-profit health care delivery systems, Kaiser Permanente has worked to improve the health of our communities for 75 years. During this time of social distancing, Educational Theatre offers remote and in-person school audiences innovative videos and livestreaming workshops to engage and inspire them to make healthy choices and build stronger, healthier communities.

Nearly 1 in 3 children is overweight or obese and at increased risk for developing diabetes, hypertension, and other chronic illnesses. We offer *The Best Me* to schools and communities to inspire youth and adults to make the healthy choices needed to reverse these trends and lead longer, healthier lives.
