

# “Rollercoaster” Lyrics

## INTRO

Not a nightmare. You got me, and you know I got you (not a nightmare)  
Got through everything we been through.

## CHORUS

On this crazy rollercoaster, never know when it ends (never)  
But I know we'll be alright as long as we have our friends (have them)  
On this crazy rollercoaster, never know when it ends (never know when it ends)  
But I know we'll be alright as long as we have our friends (long as we have our friends)

## OUTRO

You got me, and you know I got you (not a nightmare)  
Got through everything we been through. (not a nightmare)
